## NEW YEAR RECEPTION

Brilliant Event at the White House  
Participated In By High and Low.

## THOUSANDS GREET THE PRESIDENT.

Diplomatic Corps, Supreme Justices,  
Statesmen and the Public Felicitate  
the Chief Executive and  
His Graceful Wife.

Washington, Jan. 1.—President Roosevelt's New Year's reception was one of the most brilliant events in Washington's recent social history. All callers were afforded the opportunity of greeting the president and Mrs. Roosevelt, and exchanging with them the compliments of the new year. No distinctions were made except such as were rendered necessary in preservation of order, and the greetings extended to all—high and low, rich and poor—were alike cordial and sincere. In addition to a desire personally to wish the president and Mrs. Roosevelt a happy New Year, hundreds of persons were attracted to the reception by a wish to see the White House in its new and handsome interior finish and furnishings. The mansion was aglow with myriads of electric lights. To the brilliance of the great crystal chandeliers and the splendor of the new furnishings was added the beauty of the floral decorations, which, although few, as compared with those of previous New Year receptions at the White House, were arranged with consummate art and effectiveness.

Shortly before 11 o'clock, the hour at which the reception began, the diplomatic corps began to assemble in the red room. The members of the corps entered the mansion from the south side as usual, in order to avoid the crush of the throng already gathered about the main entrance on the north side. Under the glare of the electric candelabra the spectacle presented by this cosmopolitan gathering, attired in magnificent court uniforms, sparkling epaulettes and glistening straps, showing resplendent against the red velvet walls and ivory woodwork, was gorgeous.

Promptly at 11 o'clock the trumpeters of the Marine band sounded a fanfare, announcing the approach of the president and Mrs. Roosevelt and the immediate receiving party. President Roosevelt, with Mrs. Roosevelt on his arm, descended the main staircase. Following them came the members of the cabinet and their accompanying ladies. The receiving party was arranged in the arc of a circle in the bow window of the blue room. Through this lanc the callers passed from the red room. The president was in excellent spirits and Mrs. Roosevelt never seemed happier or more gracious.

After the diplomats President and Mrs. Roosevelt received the supreme court of the United States, headed by Chief Justice Fuller. All the justices were accompanied by the ladies of their household. Then followed the judges of the United States court of appeals and of the supreme court of the District of Columbia, ex-cabinet members and ex-ministers, department officials and the general public.

### Insurance Muddle Settled.

Memphis, Jan. 1.—The suit of the widow of Joel G. Webb in the federal court, known as the "tick bite" case, against two insurance companies for \$5,000 each, was compromised by the companies agreeing to jointly pay the sum of \$6,000. Webb held accident policies for \$5,000 each in two accident insurance companies. A little more than a year ago Webb was bitten by a tick while at his plantation in Arkansas. Blood poison developed from the bite and Webb died within 84 hours. The companies refused to pay the policies, alleging that the death has been a natural one and the suit followed. The case has attracted widespread interest in insurance circles, and it raised a precedent which has seldom been passed upon by the courts.

### New Year's Presents.

New Orleans, Jan. 1.—Andrew Carnegie has given New Orleans a quarter of a million dollars for a New Year's gift. The money is to be devoted to a main library building and three branches. The city is to furnish the sites and pledge \$25,000 a year for support. The conditions will undoubtedly be accepted and the city will probably tear down the present library, facing the city hall, as the site for the main building. Professor J. H. Dillard of Tulane university, vice president of the library board, was summoned to New York to arrange the details.

Joseph Marr, a farmer living near Chillicothe, O., shot and seriously wounded his wife and then blew out his brains.

## TO OBTAIN RINGS.

New York Thief Attempts to Cut Off a Young Woman's Hand.

New York, Jan. 1.—Henry Goodman, 19, was arrested as he attempted to cut off a young woman's hand to obtain the diamond rings displayed on her fingers. The attack was made in the full view of scores of merry-makers, including the woman's escort. Miss May Matthews and Miss May Lewis started out with their escorts for an automobile ride. Soon something went wrong with the machine and the two men got down to examine it. Miss Lewis held a hand bag, which contained a small amount of money. On the fingers of Miss Matthews' left hand glittered diamonds worth, it is said, fully \$1,500.

Suddenly from the crowd sprang a young man, who held in one hand a knife with a long and exceedingly clean blade. From Miss Lewis he grabbed the bag she was carrying, and then seizing Miss Matthews by the fingers drew his knife across her knuckles, cutting a deep gash. The young woman shrieked with fright and pain and her assailant, without waiting to make another effort to sever her hand, brandished his knife in the faces of those who sprang to the rescue and dashed west along Houston street. After a long chase he was captured, but did not surrender until beaten into subjection by a policeman.

### Airlships Across Sahara.

Paris, Jan. 1.—M. De Bureaux and M. Castilleon de Saint Victor embarked at Marseilles for Tunis, where they propose to send up two balloons for the purpose of ascertaining whether the winds which prevail in winter will carry ails ships across the Sahara desert.

If this experiment is successful, the two explorers propose to attempt to cross the unexplored portion of the desert in a balloon. This plan receives the support of the French government, which supplies the balloons. The ails ships to be used are furnished with automatic registering instruments, and carry requests written in several languages asking the finders to return them to the authorities at Tunis.

### Methodist Century Offering.

Springfield, Mass., Jan. 1.—In Trinity church Dr. M. Mills, secretary of the Twentieth Century thank offering committee, made the announcement that the Methodists of the country had raised more than \$20,000,000 in response to the movement begun in Trinity church by the board of bishops four years ago. Dr. Mills said that \$9,000,000 had been raised on church debts throughout the country, \$8,150,000 for Methodist colleges and schools and \$2,750,000 for charities; \$600,000 has been raised for the permanent fund for the conference claimants, and a little over \$380,000 to build churches in destitute communities.

### Archduke Leopold's Humiliation.

Montreux, Switzerland, Jan. 1.—Archduke Leopold Ferdinand, brother of the crown princess of Saxony, confirmed the report that Emperor Francis Joseph had written to inform him that he had been expelled from the army, deprived of his pension, excluded from Austria, and ordered to become the subject of another country. The archduke said it was not true, however, that he had accepted all the points advanced by the emperor. He declared that he had accepted only two proposals, namely, his expulsion from the army and from the Order of the Golden Fleece.

### Ice Jam Blown Up.

Hartford, Conn., Jan. 1.—For the first time in the history of the Connecticut river, an attempt is being made to blow up an ice jam. The bridge between this city and East Hartford is in danger of being swept away by the ice that extends to the river bottom if a flood should carry it away. Twenty pounds of dynamite are used at each blast. A hole one foot in diameter is cut with chisels in the ice and the dynamite in bags is lowered with a 10-foot pole when it is discharged. Ice cakes are thrown 300 feet in the air.

### Wants an Injunction.

New Haven, Jan. 1.—Injunction proceedings were instituted by former State Senator William J. Clark of Branford against the directors of the International Silver company of Meriden to restrain them from carrying out contracts said to have been made with the recently organized United States Silver corporation of Jersey City, by which the International company buys back certain of its stock. Mr. Clark is a bondholder in the International company, and also owns 10 shares each of preferred and common stock.

### Easily Reconcilable.

Caracas, Jan. 1.—The arbitration propositions of the foreign powers and the counter propositions of Venezuela exchanged through Minister Bowen are said by a Venezuelan high authority to be easily reconcilable.

## DOES NOT SUPPORT IT.

Uncle Sam Against a Proposal in President Castro's Answer.

## FACT REVEALED IN ITALY'S CAPITAL.

Statement From Berlin That Germany Will Waive an Apology For Alleged Diplomatic Insults. Situation to Date.

Rome, Jan. 1.—Foreign Minister Brinetti received, through Ambassador Meyer, Secretary Hay's note communicating President Castro's acceptance of The Hague arbitration in principle, but with an additional proposal which the government at Washington does not support.

Berlin, Jan. 1.—It is learned here from an authoritative source that Germany excludes from the claims which are subject to arbitration demands amounting to \$300,000 for seizure of property and outrages on German subjects under circumstances which are here deemed so clear that it is useless to call in arbitrators. The payment of this sum will not be demanded in cash at present, but a sufficient guarantee of the payment will be insisted upon. Great Britain's preferred claims are equivalent in amount, \$300,000, hence the statements made abroad that Germany is asking more than Great Britain are incorrect. Germany waives an apology for what are here called "diplomatic insults," asking only material reparation.

### Revolutionary Leader's Views.

Willemstad, Curacao, Jan. 1.—General Matos, the head of the revolutionary movement against President Castro, referring to Venezuelan difficulties with the allied powers, said: "The pending question has two objects; one is the recovery of certain sums of money owed by Venezuela and the other is that of claims for injuries received by foreigners resident in the republic. I see no exceeding gravity in either of these two matters, because every legitimate debt must be paid and because the laws of the republic and its treaties with foreign nations, and in special cases international law, determine in every instance the proceedings to be followed by civilized nations who desire to uphold their honor and make their country respected among the nations."

### Odell Inaugurated.

Albany, Jan. 1.—Governor B. B. Odell, Jr., was inaugurated for his second term as the chief executive of New York. The occasion was of unusual brilliancy, marked by the presence of many distinguished visitors and the participation of a large representation of the national guard, as well as of crowds of people from all parts of the state. In his address Governor Odell said that Cary and Lanier should be in thorough accord, and that there should be no legislation which seeks to advance the interests of one at the expense of the other because such discrimination would inevitably lead to results and conditions which would be a menace to the welfare of the state.

### Would Hold Company.

New York, Jan. 1.—Coroner's Physician O'Hanlon performed an autopsy on the body of Charles Wessel, the metallurgist, who dropped dead Tuesday evening in an elevated train. Dr. O'Hanlon reported to Coroner Jackson that the death of Mr. Wessel, who was afflicted with fatty degeneration of heart, was "probably induced by great excitement or unusual physical exercise." Coroner Jackson said after receiving the report: "If I can find any witnesses who will testify that Mr. Wessel was unduly shovved or pushed about on the station platform or in the car where he died, I shall hold the Manhattan Railway company responsible."

### American Official Injured.

Rome, Jan. 1.—As the result of a collision between the carriage of Secretary Iddings of the United States embassy here and an electric streetcar Mr. Iddings' shoulder was dislocated, his coachman was injured slightly and the carriage was smashed. The coachman was hurled to the ground. Mr. Iddings, beside having his shoulder dislocated, had his legs bruised and was much shaken, but succeeded in extricating himself from the wreck. His condition is not serious.

Paris, Jan. 1.—A dinner was given here by Ambassador and Mrs. Porter. Among the guests were John G. A. Leishman, United States minister to Turkey, and Mrs. Leishman, Mr. Garrison, formerly United States consul at Cairo, and Mrs. Garrison, and Mrs. Robert S. McCormick, wife of the newly appointed American ambassador to Russia.

The men of the different churches are asked to come prepared to take part in the exercises each evening.

## RURAL FREE DELIVERY.

Some Interesting Statistics Gleaned From Superintendent Machen's Annual Report.

The annual report of Mr. A. W. Machen, General Superintendent of the free delivery system of the Postoffice Department, contains some interesting facts about the extension of the rural free delivery service. In 1898 there were but 148 routes in operation, at a cost of \$50,000. For this year the appropriation is \$7,000,000, and the carriers on 11,650 routes travel 275,000 miles a day and serve 7,000,000 persons within an area of 300,000 miles. It is estimated that this rural service may be extended to cover 1,000,000 square miles, or four times the area of Germany. This service, which it is expected will be complete within two or three years, will require about 40,000 carriers, and will cost about \$24,000,000. Figures quoted by Mr. Machen indicate that this service will go far to pay for itself, for since its inception the rate of annual increase of receipts in rural regions has been from 2.4 per cent. to 10 per cent., while additional revenue has been derived from the sale of money orders and the registering of letters and packages. Last year there were 114,959 letters and packages registered in communities heretofore so isolated that such security could not be obtained without loss of time in driving to a remote post-office. Congressmen from the South particularly should do their best to bring this service to the highest state. It is one of the solvers of a great social problem, more intense in the South, perhaps, than anywhere else in the country. It brings the farm in close touch with the town, enables the farmer's family to have the daily letter or paper, and, with the extension of the mail-order business, to do much shopping at cost prices and without the loss of time and the imposition of the credit system at the crossroads store.

## Small Store Advertising.

[Exchange.]  
A New York merchant with a small store (his capital being \$2,000) had only a neighborhood trade when he began to advertise in the newspapers. In selling a lot of ladies' wrappers he paid for his advertising nearly all his profits, but the publicity brought business for his other lines. For ten years his trade doubled each year, and he is now in new quarters and is in a fair way to do the business of a great department store. His success is due largely to his courage in advertising.

## PROCLAIMED EMPEROR

Edward the Seventh Formally Declared Ruler of All India.

## SOME GORGEOUS DOINGS AT DELHI.

Thousands of Common and a Number of "Uncommon" People Participate—Message of the English King.

Delhi, India, Jan. 1.—Tens of thousands of people from the city of Delhi and from villages far and near began gathering at daybreak on the plain outside the city. There they waited patiently for the supreme announcement of the durbar, that King Edward was emperor of India. The crowd was composed largely of the common people, but among it could be seen the retainers of the various rajahs who had assembled for the function. The attention of all was fixed upon the white amphitheater, in the center of the plain, where the announcement was to be made. So vast was the multitude that the troops appeared as mere splashes of color.

The arrival at the amphitheater of the viceroy of India, Lord Curzon of Keddleston, and other dignitaries and the princes was one of the brilliant episodes of the day. The princes were clad in silks and adorned with jewels, and their horses and carriages were brilliant with trappings of gold. The spectacle within the arena was most striking and gorgeous. The Pathan chiefs and the sirdars were resplendent in brilliant raiment. Soldiers and visitors from far distant countries were included among those within the amphitheater.

When the spectators had resumed their seats after the anthem there was a flourish of trumpets from the heralds and Major Maxwell, at the command of the viceroy, read the proclamation, opening the durbar. The royal standard was then raised on high, and the imperial salute was fired. The massed bands marched by playing, bonfires were started by the troops outside, and it was announced that King Edward was emperor of India.

There was another flourish of trumpets and Lord Curzon arose and stood for a moment impulsive. Then, in impressive tones, he delivered a speech and read the message from King Edward. In his address the viceroy said that it had been decided not to exact interest for three years on all loans made or guaranteed by the government of India to the native states in connection with the recent famine. In the king's message, which was then read by Lord Curzon, his majesty said that the Prince and Princess of Wales would shortly visit India. He regretted his absence from the durbar and sent his greetings to his Indian people. Concluding, King Edward said: "I renew the assurances of my regard for the liberties of the Indian people; of my respect for their dignitaries and rights of my interest in their advancement, and of my devotion to their welfare."

As the viceroy finished reading the king's words the assembled people broke into cheers for the king and emperor. The cheering was taken up by the multitude outside the amphitheater and was long sustained.

## Thirty Workmen Mangled.

Little Rock, Jan. 1.—Thirty railroad employees were injured, four perhaps fatally, in a wreck at the Fort Smith crossing in North Little Rock. The "hoodlum" train, in which the employees go to work, approached the crossing at a fair speed, the engine pushing the cars. Suddenly the engineer saw a light switch engine emerge from behind a building and start across the track ahead of him. He applied the emergency brakes, but the four cars broke loose and rolled on, striking the switch engine broadside. The 200 men on the cars jumped, but 30 were caught and crushed.

## Strikers May Picket.

Cincinnati, Jan. 1.—Judge Rufus B. Smith of the superior court has handed down an important decision in which he concedes to striking workmen the right to picket a factory when they are seeking to accomplish a lawful purpose and do not in any manner intimidate or coerce non-strikers. At the same time Judge Smith defines the rights of employers and says that when it is necessary in their business to employ workmen, the right to do this is a property right, and when interfered with unlawfully the remedy is by injunction.

## Threw Up the Sponge.

Indianapolis, Jan. 2.—Louisville Tommy West was clearly outclassed in what was to have been a 10-round contest with Patsy Hogan of Chicago, at the Empire theater. West's seconds saved him from a knockout by throwing up the sponge in the middle of the seventh round.

It does look as if the people have been waiting for our cut price sale.

Whilst at this season of the year most merchants reconcile themselves to just what happens to come along, we take an aggressive stand and hold out inducements that will make people buy despite the lateness of the winter. The public recognizes the values we give them in our Stein Bloch, Adler Bros. and Garson Meyer Clothing, all of which are now sold at 20 per cent. off from the regular price, and this accounts for the phenomenal business we are now having.

If interested in a Suit or Overcoat for yourself or boy look in every other clothing house in town before you come to us. It will not take you long to find out the cause of our house being constantly crowded with buyers.
